Thermal CPU Paste Compound for Heatsink

Product ID: HEATGREASE

This thermal CPU paste can be used to improve the effectiveness of a CPU cooler by thermally bonding the CPU to the heatsink, allowing the heatsink and fan to work at their full capacity to remove the harmful heat away from the CPU.

Certifications, Reports and Compatibility

RoHS Compliant

Applications

• Replace old or dried out thermal paste

• Add thermal compound to a new system build for the CPU

Features

• Ceramic-based compound containing silicone

• Thermal conductivity of more than 1.066 W/m-K

Packaging Information

Warranty	2 Years

Package Length	3.3 in [84 mm]
Package Width	0.9 in [22 mm]
Package Height	6.0 in [15.2 cm]
Shipping (Package) Weight	0.7 oz [20 g]

What's in the Box

Included in Package	1 - Thermal Compound

Product appearance and specifications are subject to change without notice.
