

4-Way 12.3in Surface Pro 4/5/6/7/7+ Privacy Screen Filter, Portrait/Landscape, Touch-Enabled, +/- 30 Deg. View, Blue Light Reduction, Matte Finish

**Product ID:** 123SP-PRIVACY-SCREEN

This Privacy Screen for 12.3-inch Surface Pro 4, 5, 6, 7, and 7+ models smoothly transitions from a clear view to an obscured screen beyond the intended viewing angle, significantly enhancing visual privacy in office or public environments. The anti-glare matte finish helps to reduce reflections in glare-prone environments and provides additional screen protection with a scratch and fingerprint-resistant coating.

The security filter ensures optimal privacy in portrait or landscape orientations when viewed beyond 30° from the center, covering a total visible area of 60°. It supports touchscreen input and gestures, preserving the interactive experience of a Surface Pro while maintaining the confidentiality of on-screen content.

The screen protector is compatible with the 12.3" Surface Pro 4, 5, 6, 7, and 7+ models and features a precise fit that does not interfere with the display, camera, or speakers. The included installation kit and step-by-step instructions allow for a one-time application to the computer screen.

This Blue Light Reduction Privacy Shield reduces eye strain and improves visual comfort by blocking 40% - 51% of the blue light emitted from the display (in the 380nm - 480nm wavelength range). Symptoms of digital eye strain, such as headaches, dry eyes, and blurred vision, can be alleviated by using blue-light filtering privacy screens.

## Certifications, Reports and Compatibility

### Applications

- Keep classified information, intellectual property or other important data out of sight
- Protect your display against scratches
- Ideal for open-plan office spaces, hot desks, finance & banking, healthcare, government/education and commercial

applications

## Features

- **PROTECT SENSITIVE VISUAL DATA:** 4-way privacy screen for 12.3" Surface Pro featuring Micro-louver technology that obscures the view outside a 60-degree viewing angle; Keep confidential data private and prevent visual eavesdropping in public spaces or travel
- **FOR 12.3-INCH SURFACE PRO:** Privacy shield designed to fit 12.3-inch Surface Pro 4, 5, 6, 7, and 7+ models; Exact fit will not interfere with the camera, sensors around the display, or speakers; Screen protector with anti-glare matte finish
- **4-WAY PRIVACY AND TOUCH SUPPORT:** Security shield maintains privacy within a range of +/- 30 degrees from the center in both portrait and landscape modes; Touch-enabled privacy filter ensures an interactive experience while safeguarding on-screen content
- **SELF-ADHESIVE APPLICATION:** Includes full installation kit and instructions for one-time application directly to the computer screen for a secure and long-lasting fit
- **REDUCE EYE STRAIN:** Surface privacy screen protector blocks up to 51% of blue light, helping to reduce digital eye strain and improve visual comfort during prolonged use; 60% light transmittance for improved screen readability
