

## 28-Inch Wall-Mount Media Enclosure, Cable Management Box for Network Distribution, Structured Media Enclosure, Mounting Fixtures/Modules Included

**Product ID:** 28P1-MEDIA-ENCLOSURE

This structured media enclosure provides a centralized location to organize and protect networking equipment, such as routers, switches, fiber media converters, and modems, while optimizing cable management and housing components securely in one accessible space. The fire-retardant plastic material allows for the mounting of network equipment, without blocking RF/Wi-Fi connection.

Ideal for new installations or retrofits that include equipment for data networks, phone systems, video extension setups, audio systems, and security devices. The Network Device Enclosure features five knockouts on the top and three on the bottom, along with included hook-and-loop straps and plastic hooks, to ensure organized management of components and cables. The enclosure supports up to 22lbs (10kg) worth of equipment.

The media enclosure can be installed on a wall and can be surface mounted or recessed by mounting between wall studs. It is lightweight and can be installed by one person with keyhole mounting holes.

### Certifications, Reports and Compatibility

### Applications

- Centralize and protect network components such as routers, modems, and switches
- Provide a secure, organized space for integrating video and security systems in buildings

## Features

- **STRUCTURED MEDIA ENCLOSURE:** Provides a centralized location to organize and protect networking equipment, such as routers, switches, fiber media converters, and modems, while optimizing cable management/housing components securely in one accessible space
- **WI-FI TRANSPARENT PLASTIC:** Fire-retardant all-plastic design does not block RF/Wi-Fi signals, making it ideal for wireless access points and other wireless devices; Vented door allows for passive cooling of the installed devices
- **FLEXIBLE INSTALLATION:** Supports surface and recessed mounting; Tool-free installation of height-adjustable shelves; Includes all hardware for installation; Fits between standard 16in spaced studs; Can be installed by one person with keyhole mounting holes
- **CABLE MANAGEMENT:** Network Device Enclosure features five knockouts on the top and three on the bottom, along with included hook-and-loop straps and plastic hooks, to ensure organized management of components and cables
- **WIDE APPLICATION RANGE:** Ideal for new installations or retrofits that include equipment for data networks, phone systems, video extension setups, audio systems, and security devices; Supports up to 22lbs (10kg) worth of equipment; Modular shelf design

### Hardware

Warranty	2 Years
Wallmountable	Yes
Front Door Construction	Plastic
Front Door Features	Vented
Cable Management	Yes
Tools Included	Yes
Fan(s)	No
Mounting Options	Wall-Mount

---

### Performance

Weight Capacity (Stationary)	22.0 lb [10.0 kg]
General Specifications	UL 60950-1
Height Adjustment	Yes
Anti-theft	No

---

### Physical

## Characteristics

Color	White
Material	Plastic
Product Length	33.2 in [84.4 cm]
Product Width	18.4 in [46.8 cm]
Product Height	5.0 in [12.6 cm]
Weight of Product	7.9 lb [3.6 kg]

---

## Packaging Information

Package Length	19.3 in [49.0 cm]
Package Width	35.1 in [89.2 cm]
Package Height	7.1 in [18.1 cm]
Shipping (Package) Weight	13.3 lb [6.0 kg]

---

## What's in the Box

Included in Package	1 - Wall-Mount Media Enclosure
	1 - Door with Frame
	8 - Rubber Grommet
	1 - Door Latch
	6 - #8x25.4 Screws
	2 - #6-20x7/8 Screws
	8 - T3.5x15 Screws
	2 - Shelf Brackets
	8 - Nylon Rivets (Male)
	8 - Nylon Rivets (Female)
	6 - Plastic Hook
	1 - 3ft (0.91m) Hook and Loop Strap
	1 - Quick-Start Guide
