

USB-C Charging Station - 72W Desktop Charger - 1x USB-C + 3x USB-A (60W Power Delivery + 12W) - Portable USB Type-C Charger - Laptop Replacement Charger - USB-C Power Adapter

Produkt-ID: DCH1C3A

This 72W USB C charging station works with USB Type-C PD devices such as laptops, tablets, and smartphones that require up to 60W of Power Delivery. This desktop or portable charger works as a laptop replacement charger supporting USB-C PD 3.0, with an additional 12W output shared across 3x USB-A fast charge ports supporting BC 1.2.

This USB-C desktop charger is compatible with a vast array of USB Type-C devices such as the MacBook Pro 13-inch, XPS 13, Surface Book 2 and Lenovo ThinkPad X1 Carbon.

While the USB Type-C power adapter is compatible with any USB-C Power Delivery device, it is recommended to use it with devices that require 60W or less for optimal charging performance.

The USB-C portable charger comes with multiple forms of protection for your devices such as over-temperature protection, over-current protection, over-voltage protection and short-circuit protection. The USB C wall charger is designed with durability in mind. Our extensive durability testing ensures that the USB PD charger can withstand the rigors of travel.

3 built in USB-A ports allow you to charge other devices at the same time as your USB-C device. Replace multiple chargers with a single charger that works with all your battery-powered devices.

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals.
