

DisplayPort to HDMI Video Adapter Converter

Product ID: DP2HDMI

The StarTech.com DisplayPort to HDMI adapter lets you connect an HDMI-enabled video display to a DisplayPort video source (e.g. DisplayPort video cards, etc.), eliminating the expense of having to upgrade your display for DisplayPort compatibility.

This adapter supports display resolutions of up to 1920x1200 allowing you to take full advantage of HDMI video capability.

DP2HDMI is a passive adapter cable that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port.

This adapter allows for audio pass-through if supported by the video source. Please review the video source manual to confirm support.

Backed by a StarTech.com 3-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Ideal for digital entertainment centers, home offices, business conference rooms and trade show displays
- Keep your existing HDMI-enabled monitor to be used with your new DisplayPort device
- Ideal for using your HDMI monitor as a secondary display

Features

- Latching DisplayPort connector ensures a solid connection
- Easy to use cable, no software required
- Supports PC resolutions up to 1920x1200 and HDTV resolutions up to 1080p
