

ExpressCard 34mm to 54mm Stabilizer Adapter - 3 Pack

Produkt ID: ECBRACKET

Our ExpressCard 34mm to 54mm Stabilizer Adapter helps prevent side to side movement of a 34mm ExpressCard, while the card is connected to a 54mm ExpressCard slot.

The adapter helps eliminate damage to the card interface that could occur as a result of friction.

The ExpressCard 34/54 stabilizer can be attached to almost any 34mm ExpressCard to provide added stability and security for your card adapter.

The ExpressCard 34 stabilizer comes in a package of three, so you won't need to swap adapters when using different EC cards.
