

1 ft Low Profile Latching SATA to eSATA Plate Adapter

Produkt ID: ESATAPLT1LPL

This Latching SATA to eSATA Plate Adapter (low profile/half-height) adds external data support to any existing Serial ATA (SATA) controller, allowing you to connect external SATA (eSATA) storage to a computer. With support for data transfer rates of up to 6Gbps, this external SATA plate lets you take advantage of the increased data integrity provided by external hard drives or RAID devices that support eSATA connections.

Connecting eSATA storage couldn't be simpler. Just install the plate into an open I/O low profile slot on your computer and connect the cables to the Serial ATA connectors on your motherboard or controller card. The latching SATA connector provides a secure connection to the motherboard or controller card, and is designed to take up minimal space inside the computer case, providing less clutter and increased airflow inside your case.

Like all of our cable products, the ESATAPLT1LP Latching SATA to eSATA Plate Adapter is backed by our lifetime warranty.

Certifikat, rapporter och kompatibilitet

Användning

- Securely extend a SATA connection to a low profile plate, to enable addition of an eSATA storage device

Funktioner

- Internal latching connector

- Supports data transfer rates up to 6Gbps
- Compliant with Serial ATA III Specifications

Hårdvara

Garantipolicy	Lifetime
Antal ledare	7
Kabelmanteltyp	PVC - Polyvinyl Chloride
Kabelskärmning	Aluminiummylarfolie med flätning

Prestanda

Typ och hastighet	SATA III (6 Gbps)
-------------------	-------------------

Kontakt(er)

Connector A	SATA (7-stifts, data)
Connector B	eSATA (7-stifts, data)

Utseende

Färg	Röd
Kontakttyp	Med lås
Tråddimension	26 AWG (0.404 mm)
Kabellängd	12.0 in [30.5 cm]

Förpackning

Package Length	4.7 in [12 cm]
Package Width	1.0 in [25 mm]
Package Height	8.7 in [22 cm]
Fraktvikt (förpackning)	1.4 oz [40 g]

Vad det är i lådan

Ingår i paketet	1ft Low Profile Latching SATA to eSATA Plate Adapter
