

ESD Heel Strap, Adjustable Antistatic Heel Grounder, Shoe / Foot Grounding Point for Anti-Static Floors, 1M Resistor, TAA-Compliant

Product ID: ESD-HEEL-GROUNDER

Protect sensitive electronics from electrostatic discharge during repairs, assembly, or equipment handling with this TAA-compliant ESD heel strap.

The heel grounder grounds the user safely, discharging static buildup before it can damage sensitive electronics. A built-in 1M resistor limits current flow to reduce the risk of electric shock. The conductive ribbon (19.6in / 50cm) maintains skin contact, ensuring consistent grounding with the anti-static floor.

Note: For consistent grounding, both shoes should use a heel grounder.

Hook-and-loop fastener fits most shoes up to 3.3in (8.5cm) wide, making it easy to standardize one heel grounder size across teams and workstations.

Tetherless design allows for unrestricted movement within static-controlled environments. Lightweight and built for long-term use in labs, cleanrooms, and other areas where heel-to-floor grounding is required.

Certifications, Reports and Compatibility

Applications

Features

- **Prevent ESD Damage**: Heel grounder grounds the user to safely discharge static buildup, while a 1M resistor limits current, reducing shock risk and protecting components from immediate or long-term damage; Requires ESD-safe flooring to ensure grounding
- **Adjustable Fit**: Hook and loop straps securely to shoes with heels under 3.3in (8.5cm) wide supporting a consistent fit across standard low-profile sole footwear
- **Flexible Use in Static-Controlled Areas**: Conductive ribbon (19.6in / 50cm) maintains skin contact for consistent grounding while allowing unrestricted movement across anti-static compliant flooring
- **Work-Ready Durability**: Heel grounder is constructed with reinforced stitching and a form-fitting design that stays secure during movement, while resisting wear in static-controlled environments
- **The IT Pro's Choice**: Our ESD-safe products deliver consistent and reliable grounding performance in electronics service and assembly workflows; Built to meet industry standards and backed by free lifetime 24/5 multi-lingual technical assistance

Performance

Warranty	2 Years
General Specifications	1M resistance

Special Notes / Requirements

Note	For consistent grounding, both shoes should use a heel grounder.
------	--

Physical Characteristics

Color	Black
Product Length	22.6 in [575 mm]
Product Width	4.3 in [110 mm]
Product Height	3.1 in [80 mm]
Weight of Product	1.1 oz [32 g]

Packaging Information

Package Length	5.0 in [12.8 cm]
Package Width	8.7 in [22.0 cm]
Package Height	1.0 in [2.5 cm]
Shipping (Package) Weight	1.3 oz [38.0 g]

What's in the Box

Included in Package	1 - ESD Heel Grounder
	1 - Product Documentation

****Product appearance and specifications are subject to change without notice.***
