

IEEE-1394 FireWire Adapter - 9 Pin to 6 Pin F/M

Productcode: FIRE96FM

The FIRE96FM FireWire 800 to FireWire 400 Adapter converts a 9-pin FireWire connector into a 6-pin FireWire connector and is capable of data transfer rates of up to 400Mbps.

A convenient solution for applications requiring large file transfers, the FireWire adapter provides a high speed link that minimizes data transfer time (e.g. transferring digital video files from a DV camcorder to a computer, etc.).

Designed and constructed for both durability and convenience, the FireWire 800 to FireWire 400 Adapter (9-pin to 6-pin) is backed by StarTech.com's lifetime warranty.

Certificaties, rapporten en compatibiliteit

Toepassingen

- Converts a 9-pin Firewire 800 cable for use with a 6-pin Firewire 400 device
- Connect multiple FireWire compliant devices together

Eigenschappen

- Supports data transfer speeds up to 400 Mbps

Hardware		
	Garantiebeleid	Lifetime
	Type kabelmantel	PVC - Polyvinyl Chloride
Prestaties		
	Type en snelheid	FireWire 400 IEEE-1394a - 400 Mbit/s
Connector(en)		
	Connector A	1 - Firewire 800 (9-polig, IEEE 1394b)
	Connector B	1 - Firewire 400 (6-polig, IEEE 1394a)
Fysieke eigenschappen		
	Kleur	Zwart
	Draaddikte	30 AWG
Verpakkingsinformatie		
	Verpakkingsaantal	1
	Lengte Verpakking	3.5 in [90 mm]
	Package Width	4.7 in [12 cm]
	Package Height	0.4 in [10 mm]
	Verzendgewicht (verpakt)	0.0 lb [0.0 kg]
Wat wordt er meegeleverd		
	Meegeleverd	1 - IEEE-1394 FireWire Adapter - 9 Pin to 6 Pin F/M
Garantiebepalingen		
	Warranty	Levenslang
