HDMI to DisplayPort Adapter - 4K 30Hz

Product ID: HD2DP

This HDMI to DisplayPort adapter lets you connect an HDMI video source, such as your laptop, desktop, Blu-ray player, or camera, to aDisplayPort monitor or projector.

The active HDMI to DisplayPort adapter offers plug-and-play installation, providing a hassle-free setup with no software or drivers to install. The adapter uses a USB port for power, avoiding the need for an extra power adapter. It also features a compact design that requires very little space at your workstation.

TheHDMI to DP adapterlets you add a second monitor to your laptop, providing the additional screen space you need to multitask more efficiently and accomplish more in the same amount of time. It offers a definite productivity boost, and lets you view documents, spreadsheets, and web pages across multiple screens.

With support for 4K at 30Hz, you get a sharp, crisp picture that’s richer and more true-to-life than traditional HD, with far greater detail. The adapter deliversUltra HD contentto your DisplayPort monitor and supports 7.1 channel surround audio.

The adapter is backward compatible with 1080p displays, which makes it a great accessory for home, office or other workspace applications.

The HD2DP is backed by a StarTech.com 2-year warranty and free lifetime technical support.
