

HP Chromebook 14 HDMI to VGA and USB 3.0 Gigabit Ethernet Accessory Bundle

Product ID: HPC14VGAUGEK

The HPC14VGAUGEK Accessory Bundle for the HP Chromebook 14 is an add-on kit containing two StarTech.com adapter products that let you extend the display and network capabilities of your port-limited Chromebook.

Designed for HP Pavilion Chromebook 14 models equipped with HDMI and USB 3.0 ports, the kit contains an HDMI to VGA adapter to connect to an external VGA display or projector through the HDMI output. Also included is a USB 3.0 to Gigabit Ethernet Adapter, which adds wired network support and offers the added benefit of an integrated USB pass-through port to keep your USB 3.0 port available for other peripherals.

Though extremely portable, the Chromebook often lacks the necessary ports to connect to various desktop displays/projectors and wired networks when traveling between boardrooms, home / remote offices, trade-shows, hotels and conference centers. Perfect for offices using a hot-desking model, we designed this bundle of Chromebook accessories to provide the missing connections most commonly needed among mobile users, to prepare you for almost anything.

Package Contents:

- HDMI to VGA Adapter (HD2VGAMICRO)
- USB 3.0 to Gigabit Ethernet Network Adapter w/ USB Port (USB31000SPTB)

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications
