

Dual-Monitor USB-C Dock for Windows - 2.5" SATA SSD/HDD Bay

Product ID: MST30C2HDPPD

This dual-monitor USB-C dock adds valuable data storage and backup to your Windows laptop, and lets you easily set up a dual-monitor workstation, with no video driver set up required, right out of the box.

The USB-C dock connects your laptop to two DisplayPort monitors, a wired network and three USB 3.0 devices, while housing a 2.5" HDD or SSD bay, all through a single USB-C cable.

This USB C dock allows easy connection of two external displays, with no display driver set up, so you're up and running quickly.

Connect your USB-C laptop to:

- 2x DisplayPort displays at 1920 x 1200 resolution (60Hz)
- 1x DisplayPort display at 3840 x 2160 resolution (30Hz)

The USB 3.0 Type-C docking station provides external storage and backup with a built-in 2.5" SATA SSD/HDD bay. The 2.5" drive bay (SATA I, II, III) is ideal for professionals requiring high-performance external storage, and supports backup functions with Windows Backup or other backup software.

Unlike some USB-C docks that may drop to USB 2.0 and limit Ethernet performance, this USB-C dock offers full USB 3.0 and network bandwidth. This provides faster data transfer speeds for USB 3.0 peripherals and supports true Gigabit Ethernet throughput.

Connect your USB devices with three USB 3.0 ports (including one fast-charge port). The port replicator also provides a Gigabit Ethernet port (with PXE Boot) and 3.5 mm headset port.

The USB-C docking station with Power Delivery (up to 60W) supports charging through the included 100W power adapter.

MST30C2HDPPD is backed by a StarTech.com 3-year warranty and free lifetime technical support.

Notes:

- Ensure your laptop's drivers, firmware, and operating system are current prior to using the docking station.
- Video output capabilities depend on the video card and hardware specifications of the connected laptop.
- Not all USB-C ports support the full functionality of the USB Type-C standard. Ensure that your laptop USB-C port supports DP Alt Mode and USB Power Delivery.
- Not all Thunderbolt 3 USB-C ports support the full functionality of the Thunderbolt 3 standard. Ensure that your laptop Thunderbolt 3 port supports USB Power Delivery.

Certifications, Reports and Compatibility

Applications

- Ideal for professionals requiring multiple sources for external storage or large file backups
- For USB-C equipped laptops, supports backup functions using Windows Backup or other backup software

Features

- Connect your USB devices with 3x USB 3.0 (Type-A) ports including 1x Fast-Charge
- Easily connect dual DisplayPort monitors right out of the box, with no display drivers to set up
- Add data storage and backup with an internal 2.5" SATA SSD/HDD drive bay
- Reliable Gigabit Ethernet port, with PXE Boot support and Wake-on-LAN
- Power and charge your laptop with Power Delivery 2.0 (up to 60W)

Hardware

Warranty	3 Years
4K Support	Yes
Fast-Charge Port(s)	Yes
Displays Supported	2
Bus Type	USB-C
Industry Standards	USB Power Delivery Specification Rev. 2.0 USB Battery Charging Specification Rev. 1.2 DisplayPort 1.2 with MST

	IEEE 802.3, IEEE 802.3u, IEEE 802.3ab
	USB 3.0 - Backward compatible with USB 2.0 and 1.1
Chipset ID	VIA/VLI - VL813
	MegaChips - STDP4320
	ASMedia - ASM1153E
	Realtek - RTL8153

Special Notes / Requirements

System and Cable Requirements	A Windows-based laptop with an available USB-C port (to ensure full adapter functionality, the host USB-C port must support USB Power Delivery 2.0 and DP alt mode)
Note	<p>USB 3.0 is also known as USB 3.1 Gen 1; this connectivity standard offers speeds up to 5Gbps</p> <p>Ensure your laptop's drivers, firmware, and operating system are up to date prior to using the docking station.</p> <p>For a dual-monitor configuration, the Windows laptop must support MST.</p> <p>A 4K-capable HDMI display is required to achieve 4K resolution</p> <p>Video output capabilities are dependent on the video card and hardware specification of your connected laptop.</p> <p>Not all USB-C ports support the full functionality of the USB Type-C standard. Ensure that your laptop USB-C port supports DP Alt Mode, as well as USB Power Delivery.</p> <p>Not all Thunderbolt 3 USB-C ports support the full functionality of the Thunderbolt 3 standard. Ensure that your laptop Thunderbolt 3 port supports USB Power Delivery.</p> <p>This docking station provides up to 60W of Power Delivery to charge your laptop. Some laptops may have specific charging requirements such as the full 60W for charging. In the event that your laptop is not charging, simply unplug any peripheral accessories attached to the dock's USB-C port (on back of dock) and the USB 3.0 (Type-A) charging port (on front of dock) during charging. This will ensure the full 60 W of power is available for charging your laptop.</p>

Power

Power Source	AC Adapter Included
Power Delivery	60W
Input Voltage	100 - 240 AC
Input Current	2 A
Output Voltage	20V DC
Output Current	5 A
Center Tip Polarity	Positive

Plug Type	N
Power Consumption (In Watts)	100

Environmental

Operating Temperature	0C to 60C (32F to 140F)
Storage Temperature	-40C to 70C (-40F to 158F)
Humidity	0%~95% RH (Non-condensing)

Physical Characteristics

Color	Black & Silver
Material	Plastic
Cable Length	39.4 in [100 cm]
Product Length	6.7 in [17.0 cm]
Product Width	3.5 in [90.0 mm]
Product Height	1.8 in [46.0 mm]
Weight of Product	11.3 oz [321.0 g]

Packaging Information

Package Length	11.3 in [28.8 cm]
Package Width	7.3 in [18.5 cm]
Package Height	4.6 in [11.8 cm]
Shipping (Package) Weight	4.2 lb [1.9 kg]

What's in the Box

Included in Package	docking station
	1 m USB-C cable
	universal power adapter (NA/JP, UK, EU, ANZ)
	Quick-start guide

hard-drive mounting screws
