

Power Extension Cord - Flat NEMA 5-15P to NEMA 5-15R - 1.5 ft. (18 in.)

Product ID: PACF10118IN

This power extension cord features a flat, low-profile plug that sits flush against the outlet on your power strip, surge protector or wall outlet. The flush connection saves space and lets you attach bulky power adapters without blocking other available power outlets.

Plus, the NEMA cord also lets you extend an existing power cord by up to 1.5 feet. The added cable distance lets you minimize clutter, giving you more room for additional connections on your power strip, surge protector or wall outlet.

The PACF10118IN is backed by a StarTech.com lifetime warranty for guaranteed reliability.
