

## Samsung XE303 Chromebook VGA and Ethernet Adapter Kit – HDMI to VGA – USB 2.0 to Ethernet

**Product ID:** SAMCHDFEK

The SAMCHDFEK Accessory Kit for the Samsung XE303 Chromebook is an add-on accessory bundle containing two StarTech.com adapter products that let you extend the display and network capabilities of your port-limited Chromebook.

The kit contains an HDMI to VGA adapter to connect your Samsung XE303 (or similarly configured Chromebook / laptop) to an external VGA display or projector through the HDMI output. Also included is a USB 2.0 to Fast Ethernet adapter which adds a wired 10/100Mbps Ethernet connection through USB.

Though extremely portable, the Chromebook often lacks the necessary ports to connect to various desktop displays/projectors and wired networks when traveling between boardrooms, home / remote offices, trade-shows, hotels and conference centers. We designed this bundle of tablet accessories to provide the missing connections most commonly desired among mobile users, to prepare you for almost anything.

### Package Contents:

- HDMI to VGA Adapter (HD2VGAMICRO)
- USB 2.0 to 10/100 Mbps Ethernet Network Adapter (USB2106S)

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

## Certifications, Reports and Compatibility
