

SATA to Compact Flash SSD Adapter

Produkt ID: SAT2CF

This SATA to CF SSD adapter features a SATA male power connector and a SATA male data connector, as well as a Compact Flash port, allowing you to connect a Compact Flash type media card to a laptop computer in place of a serial ATA hard drive.

A Do-it-yourself SSD solution, the CF to SATA adapter allows Compact Flash, Compact Flash 2, or MicroDrive media to be used on a notebook computer as a bootable hard drive and requires no software or driver installation.

Certifikat, rapporter och kompatibilitet

Användning

- Convert a CF card into a bootable SATA solid state drive (SSD) for reduced power consumption, greater reliability and reduced heat generation
- Add cost-effective solid state storage to a small form factor or embedded computing solution
- Create a compact SSD for use in volatile environments such as handheld, mobile, or industrial environments

Funktioner

- Compatible with Compact Flash I/II, MicroDrive™
- Small, compact form factor

- No driver of software installation required

Prestanda

Garantipolicy	2 Years
Minnesmediatyp	CF (Compact Flash I/II-kort)
	IBM Micro-enhet
Medeltid mellan fel (MTBF)	3,864,231 Hours

Kontakt(er)

Externa portar	SATA-ström (15-stifts)
	SATA (7-stifts, data)
	CompactFlash-plats (50-stifts)

Mjukvara

OS-kompatibilitet	OS independent; No software or drivers required
