Magnetic Project Mat - 9.5” x 10.5” (24 cm x 27 cm) - TAA

Product ID: STMAGMAT

Sometimes the best solutions are the easiest - like this dry erasablemagnetic project matthat gives you an easy way to keep tiny screws and other small parts organized. It’s an ideal tool for assembly or repair ofsmartphones, laptops, drive enclosures, drones, small form factor robotics or other small electronics.

Now when you are assembling or taking devices apart, you can keep the parts in order. Screws and other smallitems are heldin one placeon theslightlymagnetizedtool pad, helping toprevent loss or errors.

The electronics repair mat also works as a magnetic dry erase sheet, so you can write down project notes to keep everything on track (marker included). The grid-less design allows you to customize the layout of your components and you can jot down the screw locations to save time on repairs and refurbs. The mat is also compatible with other dry-erase markers so you can customize it with any color you choose.

The 9.5” x 10.5” (24 cm x 27 cm)magnetic project matprovides an effective work surface, with a 2.2 mm thickness. Its compact sizeworks well for stationary orportable use.

Theelectronics repair mat,made of magnetic rubberwitha white PVC topsurface, provides durability with a surface that wipes off easily.

STMAGMATis backed by a StarTech.com 5-year warranty and free lifetime technical support.
