

2 Port Black PS/2 KVM Switch Kit with Cables

Productcode: SV211K

This 2 Port KVM Switch Kit lets you control two computers using a single keyboard, mouse and VGA monitor and offers both hotkey and top panel push-button operation for simple switching between connected computers.

Designed to integrate seamlessly into any environment, the KVM switch offers a small footprint design (roughly the size of a deck of playing cards) and draws power from the connected computers, so it doesn't require an external power supply.

A suitable solution for virtually any application, the KVM switch supports video resolutions of up to 2048 x 1536 and includes 3-in-1 (PS/2 and Video) cables to provide a complete, out-of-the-box KVM solution.

Delivering dependable and convenient control of multiple computers from a single peripheral station, this high quality KVM switch is backed by StarTech.com's 2-year warranty and free lifetime technical support.

Certificaties, rapporten en compatibiliteit

Toepassingen

- Perfect for integrating two different enterprise computer systems.
- Useful for call centers, help desks, education environments, home gamers and PC enthusiasts.

Eigenschappen

- All cables come out of the rear of the switch unlike competitor 3-sided "octopus" designs.
- Hot plug - computers can be added without resetting switches or other connected computers.
- Includes two (2) 6 ft. cables.

Hardware

Garantiebeleid	2 Years
Audio	Nee
KVM-poorten	2
Ondersteunde platforms	PS/2
PC-videotype	VGA
Multi-monitor	1
Rack-monteerbaar	Nee
Inclusief kabels	Ja
Op elkaar aansluitbaar	Nee

Prestaties
