4 Port Tower Style PS/2 KVM Switch Kit with Cables
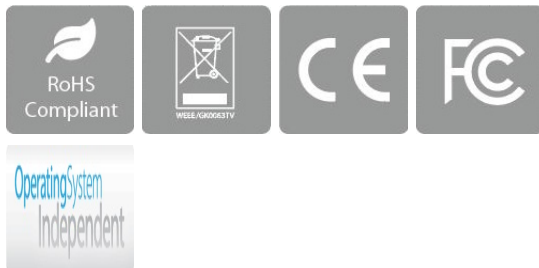

**Product ID:** SV411KT

This 4-port tower style KVM Switch Kit lets you control multiple PS/2 computers from a single console (keyboard, mouse, monitor), saving equipment costs while providing a convenient operating platform.

A perfect console-sharing solution for SOHO, help desks and call centers, the KVM switch supports display resolutions of up to 1920x1440 as well as plug-and-play connectivity, which eliminates the hassle of having to power down computers to be connected to the switch. To ensure error-free bootups, the KVM switch supports PS/2 keyboard and mouse emulation.

The KVM switch offers both keyboard hotkey and front panel push-button control, and features a compact and lightweight mini-tower design with rear panel cable connections, saving valuable workspace.

Providing an out-of-the-box KVM solution, the tower style switch includes four 3-in-1 tangle-free cables and is backed by StarTech.com's 2-year warranty and free lifetime technical support.

## Certifications, Reports and Compatibility

## Applications

• Lets you instantly control four PS/2 computers from a single keyboard, mouse and monitor

• Compatible with desktops, workstations, servers, and laptops

• Useful for call centers, help desks, education environments, home gamers and PC enthusiasts
