

PS2 CAT5 dongle for Matrix IP KVM switches

Product ID: SV5PS2M

This IP KVM server interface module (dongle) for PS/2 allows you to connect a PS/2 server to your CAT 5 IP KVM. The slim design and auto firmware update feature makes the server interface module an ideal fit with rack-mount or desktop servers.

Certifications, Reports and Compatibility

Applications

- Connect a USB computer to a CAT5 Matrix IP KVM

Features

- Hot pluggable support to reduce unwanted downtime
- Multi-platform support: PC, Mac, SUN, Linux, and other terminal based systems
- Supports resolutions up to 1600x1200, recommended 1280x1024
- LED indicator for power
- PS/2 powered, no additional power adapters required
