

6 ft 2 Piece Cable Raceway Duct - White - TAA

Produkt-ID: TC6W2

Keep your cables safe in StarTech.com's enclosed raceway system, an efficient way to keep your vital server cables protected and out of the way. Raceways allow you to protect your cables without having to cut through drywall and also provides the accessibility needed for network alteration or expansion. All you need to do is use the self-adhesive tape to attach one side of the raceway above your baseboards and snap on the top layer to securely surround your important cabling. The TC6W2 is the "straightaway" of your cable raceway system, and can be used with any of the StarTech.com TCx6W products to create a total raceway system.

The TC6W2 is 6 feet (1.8m) long and can hold up to 8 twisted-pair cables or 10-15 smaller cables.

Zertifikate Berichte und Kompatibilität

Anwendungen

- Use self-adhesive tape (included) to mount to fixed surface
