

4 Port USB over IP Network Hub Adapter - USB Ethernet Device Server

Product ID: USB4000IP

This USB network hub lets you share four USB peripheral devices over an IP network for access from multiple computers.

A simple and cost-effective resource sharing solution, the hub eliminates the need to purchase duplicate peripherals for each computer, by letting you reach USB devices from anywhere on your LAN, overcoming traditional USB cable connection distances.

Certifications, Reports and Compatibility

Applications

- Use multiple USB devices on your local area network allowing them to be shared and used by multiple PC's.

Features

- Easily access your USB devices on multiple PC's
- Traditional USB cable lengths limit you to 15 feet. With USB Ethernet device sharing you can use CAT5 cabling to extend cable lengths to further distances

Hardware

Warranty	2 Years
Ports	4

Performance

Maximum Data Transfer Rate	Supports 10/100 Mbps networks
----------------------------	-------------------------------

Connector(s)

External Ports	RJ-45 USB Type-A (4 pin) USB 2.0
----------------	-------------------------------------

Software

OS Compatibility	Windows 8 (32/64bit), 7 (32/64), Vista(32/64), XP(32/64) Windows Server 2008 R2
------------------	--

Power

Power Source	AC Adapter Included
Output Voltage	5 DC
Output Current	2.6A
Center Tip Polarity	Positive

Environmental

Operating Temperature	0C to 70C (32F to 158F)
Storage Temperature	-40C to 85C (-40F to 185F)
Humidity	0~60% RH

Physical Characteristics

Color	Black
Material	Plastic
Product Length	3.9 in [100 mm]
Product Width	2.4 in [60 mm]
Product Height	0.8 in [20 mm]
Weight of Product	10.0 oz [284 g]

Packaging Information

Package Length	8.4 in [21.4 cm]
----------------	------------------

Package Width	1.7 in [42 mm]
Package Height	5.7 in [14.5 cm]
Shipping (Package) Weight	12.4 oz [350 g]

What's in the Box

Included in Package	4 Port USB Device Server
	Power Adapter
	Driver CD
	Instruction Manual
