

1 m (3 ft.) USB to Lightning Cable - Right Angle iPhone / iPad / iPod Charger Cable - 90 Degree
Lightning to USB Cable - Apple MFi Certified - White

Product ID: USBLT1MWR

This angled Lightning cable is great for charging your Apple mobile devices in a car, or for accessing your phone or tablet while it's connected to a wall charger or computer.

The cable features an angled Lightning connector that lets you connect to ports that are difficult to reach, which is perfect for charging your car-mounted mobile devices. You can position the cable to the left or right of your mobile device in either portrait or landscape mode. Even while you're charging your mobile device, you can use it to text, work or game, without the cable getting in the way.

The angled connector also prevents the cable from bending awkwardly or from straining too much to make a connection. It offers a more natural fit at the connection point, preventing unnecessary stress and damage to the cable and device port.

Replace the Lightning cable that came with your mobile device, or keep one as a spare while traveling so that your mobile devices will be ready to use while you're on the road.

The USBLT1MWR 1-meter cable is Apple MFi certified and backed by StarTech.com's 2-year warranty.

Certifications, Reports and Compatibility
